

Area Working Groups for Northampton town centre BID projects

The BID is looking to organise Area Working Groups during the weeks commencing 20th and 27th February.

These groups are designed to enable businesses to talk through priorities and ideas, to help shape BID projects which will most benefit town centre businesses.

If you would like to host a group meeting either at 8am or 5.30pm during either of the two weeks please email Chris from the BID project team at info@northamptonbid.co.uk.

Letters with more details will be sent to town centre businesses shortly.
