

Business Groups Meetings will help plan future BID projects

Business owners and employees can help shape Northampton town centre Business Improvement District (BID) projects during any of the Business Group Meetings being held in March.

The BID will host four Business Group Meetings on 1st and 2nd March for businesses to talk through their priorities and ideas for BID projects in 2017-2018.

The meetings will provide opportunities to discuss the kinds of BID projects that should be considered to help benefit town centre businesses over the next 12 months.

Refreshments will be provided.

Town centre businesses should telephone **01604 837766** or email **info@northamptonbid.co.uk** by end of play on Tuesday 28th February with the date and venue of the group they would like to attend.
